One-sided Love Poem by Abba Abdullahi Garba

Draft · Medium

Deep down my heart, I have crush on you. But, I can’t and won’t tell you. Because I’m afraid of rejection. That’s why I decided to live forever with the sick of your love in my heart.

Sorry me.

We’re just friends, that’s it. I don’t want to damage our friendship. That’s why I can’t tell you what my heart conceal or how I emotionally felt about you.

Sorry me.

One-sided love is what I have been doing. I’ll give you my heart, love, care and affection even if you won’t do the same to me. That’s my destiny. To do one-sided love.

Sorry me.

Let’s be friends forever.
